Outline of Procedures for Care

Step One:

A consultation with the Doctor to discuss your health problems and to determine what may be the cause.

Step Two:

A Comprehensive Examination and Evaluation, including those tests necessary to determine the precise cause of your problem.

Step Three:

The Doctor will advise you if X-Rays are needed.

Step Four:

You will be given a "Report of Findings" at which time the cause of your problem will be discussed. You will be given a thorough explanation.

Step Five:

If you are accepted as a patient, chiropractic care will begin. The type of care you need will be explained to you. Also, additional explanations will be given on the different types of care available in our office.

Step Six:

We will discuss with you our Office Financial Policy and answer questions you may have about our fees and payment options.
